WITH 45 BUNKERS, PERHAPS THIS IS WHERE SILICON VALLEY REALLY GOT ITS NAME?

Resting on the edge of the San Francisco Bay, the Baylands Golf Club is sanctuary for both golfers and wildlife. An original design of William P. "Billy" Bell and his son, William F. Bell, the par 72, 6,800 yard layout is now updated and restored — once again embracing the landscape of a windswept coastline, nearby tidal marshes, and San Francisquito Creek.

IT'S SO SIMPLE WE'RE PRETTY SURE
OLD TOM WOULD HAVE APPROVED.

When it comes to bunker construction you have a choice. What's best for drainage? What's best to keep the sand clean? And what's best for the long haul?

We've spent years developing the longest lasting, best performing bunker method. So good it's got a 10-year warranty.

Specified by golf architects, superintendents and owners, the Better Billy Bunker method is long lasting, cost efficient — *and simple.*

UNLIKE MOST FACELIFTS, OURS WAS DESIGNED TO HIGHLIGHT THE WRINKLES & MAKE US LOOK OUR AGE.

Rendering of the 8th, 565 yards from a hilltop down toward the Bay.

Often described as sporting the most spectacular views in all of Bay Area golf, our Robert Hunter and Willie Watson designed layout will be restored to its 1920s glory in time for the 2012 season.

Call us at (510) 233-7550 for information on golf events, banquets and membership.

Golf course architect Robert Hunter created only one solo design in his renowned career – it was Mira Vista.
